

DOCKSTART

a Division of Diversco

PRODUCT CATALOG 2014

A black and white photograph of a calm lake. In the foreground, the dark, silhouetted branches of trees hang over the water from the left side. The water is still, reflecting the sky and the distant shoreline. In the background, a range of low hills or mountains is visible under a sky filled with soft, textured clouds. The overall mood is serene and quiet.

STAND UP PADDLE BOARDS

TRADITIONAL STYLE

AKONA EPOXY SUP's use high quality EPS foam and epoxy. This combination of these materials allow us to create the strongest, most lightweight and durable Epoxy SUP possible. All of our SUP boards have a durable three layer 6 ounce epoxy glass deck (real bamboo in bamboo models) and two layer 6 ounce epoxy glass bottom over 2 lb/ft² EPS core. A final protective clear coat is applied and polished to give the final product a high gloss, attractive look.

All AKONA boards feature a self breathing Gor-tex valve and offset handle for easy pick up/carrying as well as FCS 3 fin thruster set up for stability and tracking and added FCS Go-Pro mount on the nose of the board so paddler has the ability to capture those unforgettable moments.

Real Bamboo Inlay

DISPLACEMENT STYLE

- Real bamboo inlay
- Epoxy construction
- Air vent
- Comes with adjustable carbon paddle/leash/bag/pad
- Available in 12'6" and 11'

The Spear 11' (DS-00005)

The Spear 12'6" (DS-00001)

SOFTY STYLE

- 11' long EVA foam board
- Side rail protection
- Comes with adjustable aluminum paddle

11' Softy (DS-00007)

NEW REC TECH

Fibreglass Laminated Sandwich Construction with an EPS Foam Inner Core. This layering technique allows for a super durable board in terms of impact resistance, yet still being an extremely lightweight board, quite unique. Add in a reinforced wood deck and its and insane value too.

It has a single Concave bottom with an exaggerated tail rocker, makes for very good glide speed.

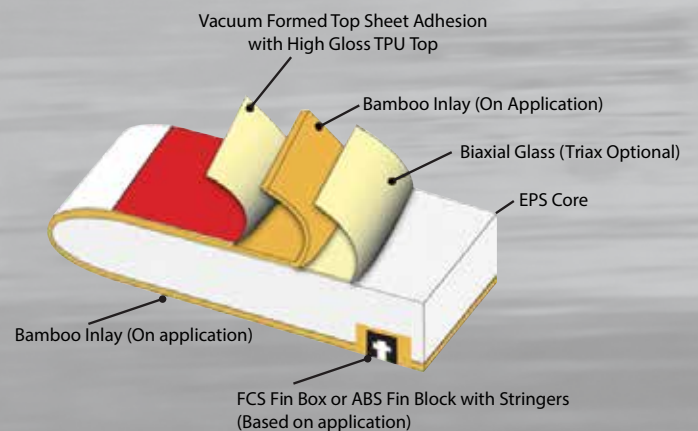

- 11' in Length , 32" Wide, 4 1/4" Thick, Weight 29 lbs., Weight capacity 325
- FCS Fin Arrangement, 1 center with 2 sides.
- Dual Density EVA Grooved Top Deck Pad for solid traction and comfort

It's a great board for entry riders and mid level riders, super stable, with good performance in waves also.

11' Akona Vac-Form (DS-00011)

ACCESSORIES

SOLAREZ

Solarez UV Epoxy Fiberfill Putty 2oz

Formulated especially for repairing Styrofoam-core surfboards, sailboards or hobby items. This Zero VOC resin is non-flammable and very safe to use yet cures to a very tough finish with considerable flexibility

Econo Travel Kit (SR-77150)

- 2oz tube Solarez fiberfil putty
- 2 oz tube microlite putty
- 60/240 grit sand pad
- Spreader
- Acetone prep-pad

Solarez 2oz (SR-77200)

Surfboard repair fiberfil. Comes with 60/240 grit sand pad.

A thin-paste mixture of clear, polyester resin and chop-strand glass fibers. Cures either by UV light in approx 3 minutes or by MEKP catalyst in 30 minutes. Sufficient for about twenty 1" round dings to the outer fiberglass shell.

Please contact your sales representative for a full list of available Solarez products.

LOOP AND BUOY ROPE

Loop Rope

TRAMPOLINES

ECLIPSE

The only water trampoline on the market that does not require a steel bar frame around the perimeter of the tube that does not suffer in performance or quality. Upgrade your waterfront property today with an Aqua Jump Eclipse water trampoline, you won't find any other water trampoline in the market that will last as long, provide as much fun and surpass your expectations in performance and safety.

Available in 12', 15', and 20'

Eclipse Water Trampoline 12' B/Y (RV-00120)

Eclipse Water Trampoline 15' B/Y (RV-00150)

Eclipse Water Trampoline 20' B/Y (RV-00200)

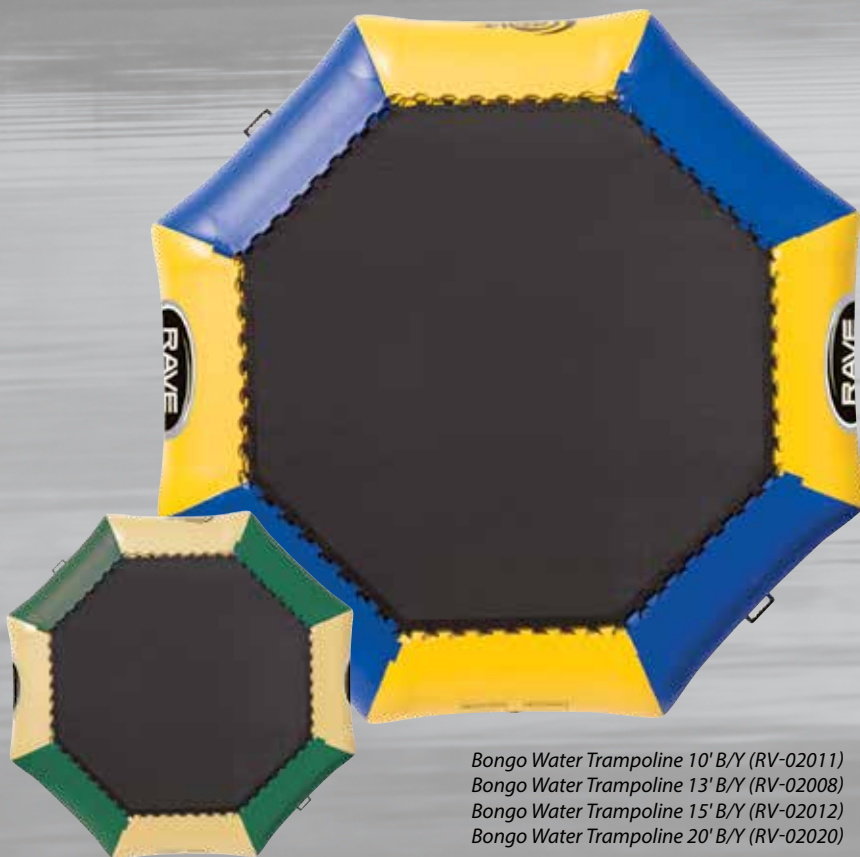

BONGO

The Bongo is a lightweight and portable water bounce platform that is perfect for taking along on your boat, car or camper that ensures fun is available wherever you go.

The Bongo is not to be confused with its water trampoline cousin, the Eclipse. RAVE Bongo's do not have springs and the bounce surface connects directly to the inflatable tube.

The setup and take down time for a bouncer is even faster, the surface area is larger for the same size tube and it is a great all around recreational water platform

Available in 10', 13', 15', 20'

Bongo Water Trampoline 10' B/Y (RV-02011)

Bongo Water Trampoline 13' B/Y (RV-02008)

Bongo Water Trampoline 15' B/Y (RV-02012)

Bongo Water Trampoline 20' B/Y (RV-02020)

WHITE KNUCKLE

BATTLE BOARD

- Foam body board 5ft long, 22" wide, 3.25 inches thick.
- Single "fun" durable board that can be used on water behind the boat with a ski rope and in the winter on the snow.
- The "Best new water toy for 2014"
- Available in 10 packs

TOW ROPE

Available in 3/8" thicknesses
75 feet length

Ski Rope 3/8" - (DS-00021)

Battle Board (DS-00020)

WATER MAT

The multi-use RUNWAY is the perfect water toy for the beach or the cottage!
You can use it as a floating dock, play surface or a place to hang out with your family and friends.

WET SUITS

ADULT WETSUITS:

3mm Full Suit

3mm nylon II neoprene. Glued and blind stitched inside and out. YKK #10 Brass zipper. Low profile water sealing zipper design. Dual zipper pull loops.

ZIPPER: YKK #10 brass zipper. Our unique zipper design utilizes dual rubber strips to additionally seal the zipper opening when closed, creating a water resistant closure. In addition, our low profile zipper flap folds over a closed zipper to further seal and secure the zipper in its closed position. The reinforced pull loop at the base of the zipper makes self-donning of the suit fast and easy
